DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 81-102 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 81-102 describe various embodiments involving selecting a subset of data indicated as missing based on various distinct criteria and then retransmitting the subset, claims 68-80 contain no such limitations.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 81-102 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

2. Claims 68-80 are allowed.

3. This application is in condition for allowance except for the following formal matters:

Claims 81-102 should be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
